# RUNTAL QUADRATO

RUNTAL DESIGN STUDIO

**runtal**

**RUNTAL QUADRATO.** By name, by nature: With its right-angled configuration of horizontal and vertical square pipes, the RUNTAL QUADRATO bathroom radiator is one of a kind. Featuring a pared-down design that makes a bold statement and uncompromising functionality, it heats up quickly and efficiently. The radiator is equipped with practical recesses for hanging up and warming bath towels, and with its top-quality craftsmanship, you'll want to run your fingers over it day after day in sheer appreciation. RUNTAL QUADRATO. It's heating squared.

## RUNTAL QUADRATO RUNTAL DESIGN STUDIO

Runtal has been combining engineering expertise with architectural flair since 1953. The tradition of technical innovation and functional design is actively nurtured and developed by the Runtal Design Studio (RDS).

RDS holds in trust the creative heritage of the company's founders, Egon Runte and Jürg Altherr, defines the modern language of form of the Runtal brand, and is responsible for all design developments. It also collaborates with renowned international designers, commissioning feasibility studies and designs for new heating products. In addition, it examines technical and design proposals to evaluate their practicality, market potential and suitability for the brand.

By developing new materials and finishes, RDS creates innovative and practical solutions that enable sustainable use of energy and water. This is what gives innovative Runtal radiators their unique language of form.

This creative process produces simple, refined and efficient designs that employ the very best craftsmanship and materials. Swiss design, which first came to international prominence in the 1950s, is currently experiencing a renaissance, and is rightly considered a classic tradition.

# TECHNICAL SPECIFICATIONS

## PRODUCT DESCRIPTION

All RUNTAL QUADRATO elements feature a square cross-section. The horizontal heating tubes are 20 mm thick and run into the 30 mm-thick manifolds at the sides. Depending on the design concerned, up to three recesses are provided for hanging up and drying bath towels. RUNTAL QUADRATO is designed to be connected to the central heating and can also be equipped for mixed operation by means of an optional heating cartridge. It is available in three different sizes and with a chrome-plated or white powder-coated finish.

## TECHNICAL DATA

Name	QDR, QDRC
Height	764/1164/1514 mm
Width	500/600 mm
Connections	For central heating, ½" flow, return at bottom, air vent
Valves	See Accessories price list
Colour	Chrome-plated/powder-coated, available in white (RAL 9016)
Heat output	272-795 W
Standard
